PVC Printing Mesh

Product model: PVC printing mesh

An open printing mesh for scaffold banners.

MATERIAL SPECIFICATIONS	
Selection point	Information to specify
Mesh pattern	Required openness, artwork detail and viewing distance; include a reference sample for repeat orders.
Roll width	Finished banner dimensions, panel layout and joining plan.
Printing setup	Printer model, ink system and printing-liner requirement.
Finishing	Planned hems, edge reinforcement, eyelet layout and finished panel size.
Project requirements	Display location, fabric weight requirement, fire classification where specified, order quantity and destination.

Values and available configurations are reproduced from the current material specification. Where a table lists several configurations, agree the selected construction for the order.

Listed fire-test grades or optional treatments do not certify every supplied configuration or finished product. Any test report applies to its submitted sample and stated test conditions.
